Subject: Request for renewal of license No. 20-1465-1

Gentlemen:

We are enclosing herewith two copies of form AEC-313 for the renewal of license No. 20-1465-1. Changes since the issuance of the original license are noted; in most instances information required is the same as on our subsequent license No. 20-1465-2. We should like to advise you also that United States Radium Corporation source No. 6599 containing 367.5 millicuries of krypton-85 was disposed of by Crossroads Marine Disposal, Boston, Mass., on August 9, 1957. Accordingly, this material is no longer in our possession.

Please do not hesitate to contact us if you have any additional questions.

Very truly yours,

John V. E. Hansen
