Mr. Robert M. Hallisey, Director
Radiation Control Program
Department of Public Health
174 Portland St., 5th Floor
Boston, MA 02114

Dear Mr. Hallisey:

I want to thank you for authorizing Mr. Michael Whalen's participation on the Region I Integrated Materials Performance Evaluation Program (IMPEP) team last month upon very short notice. Without his participation on the review team, we would likely have had to reschedule the review. Mr. Whalen completed his responsibilities in an exemplary manner, a task that is even more impressive considering that this was his first time as an IMPEP team member and he had little time to prepare. We are very pleased that Mr. Whalen could participate in the review, and look forward to his participation on future IMPEP reviews.

Again, thank you for allowing Mr. Whalen to participate on the review team.

Sincerely,

/RA/

Paul H. Lohaus, Director
Office of State and Tribal Programs
