Division of Systems Analysis and Regulatory Effectiveness
Office of Nuclear Regulatory Research

SUBJECT: PROJECT NUMBER ASSIGNMENT FOR PEBBLE BED MODULAR
REACTOR PRE-APPLICATION REVIEW

This memorandum is a request for an assigned project number for all documents related to the Pebble Bed Modular Reactor (PBMR) pre-application review. This would include records that involve correspondence with Exelon Generation Company and the Department of Energy on the PBMR pre-application review, internal interoffice memoranda related to the conduct of the review, and any outside organizations or individuals providing formal communications on any aspect of the review.

It is my understanding that, currently, documents received the file center that do not reference a specific docket or project number are filed by subject. It would be most helpful if all documents related to the PBMR review were filed together.
