Subject: WORKING GROUP MTG. TODAY

Working Group Members,

This is a reminder for the Working Group Meeting that we have scheduled today, Monday, April 5th at 2:00 PM in Room O-10B4. This is a time-sensitive project, so it is important that we finalize our Working Plan today, so we can move forward in meeting our June 18th due date to the Commission.

Also, the TAC No. for the Working Group is MA5099, "Develop Risk-Informed Basis for Revised Decommissioning Regs." We just received this TAC No., so please disregard any previous TAC Nos. that you have received on this topic.

If you have any questions, I can be reached at 415-2833.

Thank you,

Vonna Ordaz
