Schedule for completion will include Tim's schedule for completion of the report not just individual completion schedules. Be aware this is not far away.

A meeting has been scheduled **today at 2:00 in 0-9 B6** to discuss the decommissioning risk study.

Tim Collins would like each person to be ready to discuss three items:

- 1) your input into the report (including what input you need from another individual(s))
- 2) schedule for completion
- 3) status of your work

Please let me know if this meeting time is impossible.
Thank You, Diane
