P.O. Box 52034  
Phoenix, Arizona 85072-2034

SUBJECT: ACCEPTANCE OF CE NPSD-1198-P, "LOW-ALLOY STEEL COMPONENT  
CORROSION ANALYSIS SUPPORTING SMALL DIAMETER ALLOY 600/690  
NOZZLE REPAIR/REPLACEMENT PROGRAMS" FOR REVIEW (TAC NO.  
MB1240)

Dear Mr. Bernier:

The NRC staff has performed an acceptance review of the CE Owners Group Report CE NPSD-1198-P, "Low-Alloy Steel Component Corrosion Analysis Supporting Small Diameter Alloy 600/690 Nozzle Repair/Replacement Programs." We have found that the material presented is complete enough to begin a review. Unfortunately, due to higher priorities the staff is unable to support the 120-day review time requested. The staff expects to complete their review by September 30, 2001, and estimate that the review will require approximately 300 staff hours. To enable us to complete our review on this schedule, close and frequent communications between our technical staffs will be required.

Sincerely,

**/RA/**
