OFFICE OF CITY MANAGER

March 26, 2001

Paul S. Hobbs, P.E.
Reactor Manager
University of Missouri
Research Reactor Center
Research Park
Columbia, MO 65211

Dear Mr. Hobbs:

This letter is to provide assurance that the City of Columbia Fire Department will respond to fires or other emergency situations should they occur at the research reactor. We understand that the research reactor staff will continue to conduct training sessions at least every two years for Fire Department personnel, including MURR facility orientation and review of selected health physics procedures specific to the MURR facility. The responsibility for maintaining and scheduling training for our Fire Department, which will participate in such training, will remain with the MURR staff.

Very truly yours,

Raymond A. Beck, P.E.
City Manager

RAB/nc

cc: Bill Markgraf, Fire Chief
