

February 14, 2001

Dr. Lawrence Hochreiter
Professor of Mechanical and Nuclear
Engineering
The Pennsylvania State University
233 Reber Building
University Park, PA 16802

SUBJECT: STEAM GENERATOR TUBE INTEGRITY BRIEFING MATERIAL

Dear Dr. Hochreiter:

Please find enclosed the material that you had requested regarding steam generator tube integrity. The material was drawn from a briefing package that has been presented within the Nuclear Regulatory Commission. The material, and this letter, will be made available on ADAMS, which is our public information system. If you have any questions regarding the material please feel free to contact either myself at 301-415-1274, or Ted Sullivan at 301-415-2796.

Sincerely,

/RA/

Brian W. Sheron, Associate Director
for Project Licensing and Technical Analysis
Office of Nuclear Reactor Regulation

Enclosure: Steam Generator Briefing Material
