Subject: Public Issuance of Decommissioning Reactor Spent Fuel Pool Risk Study

The above report has been publicly released by the Commission. It is available in ADAMS (ML 010160522-Package, ML 010160527-Report, & ML 010160532-Appendices) and on the NRC website; <http://www.nrc.gov/NRC/REACTOR/DECOMMISSIONING/SF/index.html>. (Note that the ADAMS version may not be viewable by persons external to the NRC for up to 24 hours due to cueing time delays in ADAMS.)

Attached below is a copy of Questions and Answers prepared by the NRC for your use in responding to questions from external stakeholders about the subject report.
