SUBJECT: ALLEGATION REPORT RII-1999-A-0065  
[REDACTED] 7C

This letter refers to your communications with the NRC Resident Inspector on May 5, 1999, in which you expressed concern at Carolina Power and Light (CP&L) Company's Harris facility. Your concern dealt with the CP&L's access authorization program for nuclear power plants.

Enclosure 1 to this letter, documents your concern as we understand it. We have initiated actions to develop and examine the facts and circumstances of your concern. Therefore, if we have misunderstood or mischaracterized your concern as described in the enclosure, please contact me so that we can assure that it is adequately addressed prior to the completion of our review.

The NRC Office of Investigations (OI) is conducting an investigation on this matter and plans to conduct an interview with you in the near future. Our evaluation of your concern will normally be performed within six months; however, since this matter involves NRC follow up of alleged wrongdoing, it may take longer. You will be informed of the results of our review. 7C

The NRC brochure, "Reporting Safety Concerns to the NRC," Enclosure 2 to this letter, contains information that you may find helpful in understanding our process for review of safety concerns. It includes an important discussion (on pages 5-7) of our identity protection procedures and limitations. **Please read that section.** The brochure also includes a discussion of the right of an individual to file a complaint with the U.S. Department of Labor (DOL) if the individual believes she or he has been discriminated against for raising safety concerns and the individual desires a personal remedy.

The NRC is responsible for enforcement actions against utilities, vendors, or individuals who discriminate against individuals who raise safety concerns. The DOL review is a public process. DOL is responsible for providing personal remedies, such as reinstatement, back pay, and so forth. **The NRC cannot provide you with personal remedies. This type of remedy can only come from DOL.** For DOL to accept a complaint, it must be in writing and it must be submitted to DOL within 180 days of the date of the discriminatory act or the date you received any written notice of an adverse personnel action (e.g., layoff or suspension), **whichever occurs first.** (Please see pages 8-10 of the brochure.) Should you decide to file, the office for processing your DOL complaint is as follows:
