Subject: Info. on Shearon Harris Plant in N.C.

I am hoping you may be able to assist me in obtaining information on the safety level of the Shearon Harris nuclear power plant outside of Raleigh N.C. We are relocating to the area with young children and I am a little concerned about living so close to a nuclear power plant. I am trying to obtain information on the safety level of this particular plant and what the testing results of the air and water have been around the plant. I would greatly appreciate any information you could provide me in this endeavor. Thank you in advance for your help.

Sincerely,

[REDACTED] 7/34
