SUBJECT: USE OF NUREG-1727, "NMSS DECOMMISSIONING STANDARD REVIEW PLAN" IN PREPARING THE DECOMMISSIONING PLAN FOR THE MICHIGAN DEPARTMENT OF NATURAL RESOURCES SITE DECOMMISSIONING MANAGEMENT PLAN SITE

Dear Ms. Gruben:

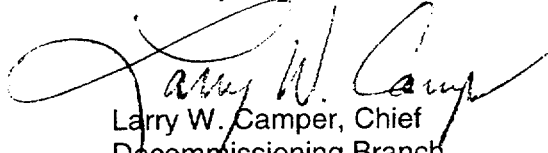

The U.S. Nuclear Regulatory Commission (NRC) staff recently published the subject standard review plan (SRP), a copy of which is enclosed for reference in developing your decommissioning plan (DP). In accordance with Condition 11A of your license, the DP is due to be submitted to NRC no later than August 31, 2001.

The SRP describes the methods acceptable to the NRC staff in implementing related parts of the Commission's regulations and delineates techniques and criteria used by the staff in evaluating DPs. Methods and solutions different from those set out in this SRP will be acceptable if they provide a basis for concluding that the DP is in compliance with the applicable regulations.

Mr. Sam Nalluswami of my staff, our Project Manager for your license, will be contacting you shortly to schedule a meeting to discuss the application of this SRP to your DP. The purpose of this meeting is discussed in more detail on page 0.6 of the SRP.

If you have any questions, please do not hesitate to contact Sam Nalluswami at 301-415-6694.

Sincerely,

  
Larry W. Camper, Chief  
Decommissioning Branch  
Division of Waste Management
