Subject: Crystal River Unit 3 - Estimated Licensing Actions for Fiscal Years 2001 and 2002

Reference: NRC Regulatory Issue Summary 2001-08, "Operating Reactor Licensing Action Estimates"

Dear Sir:

Florida Power Corporation (FPC) hereby voluntarily submits information on licensing actions that are currently planned for NRC Fiscal Years (FY) 2001 and 2002. This submittal is in response to NRC Regulatory Issue Summary 2001-08, dated April 2, 2001.

FPC anticipates that three licensing actions will be submitted during the remainder of FY 2001, and that seven licensing actions will be submitted in FY 2002. FPC will submit a request for a power uprate. However, this would be a minor uprate of 24MWt similar to those accepted for the other Babcock & Wilcox Units.

If you have any questions regarding this submittal, please contact Mr. Sid Powell, Supervisor, Licensing and Regulatory Programs at (352) 563-4883.

Sincerely,

James H. Terry
