Dear Mr. Parker,

Attached is a letter from Dr. Isaac Wasserman, Director of Nuclear Medicine at Woodhull Medical Center. During my three year Cardiology fellowship(7/1/94-6/30/97) I rotated a total of nine months through the Department of Cardiology at Woodhull Medical Center, one of our affiliated hospitals. This is in addition to my training at our main institution, The Long Island College Hospital.
If you need any additional information, please let me know.

Sincerely,

Jose A. Alemparte, M.D.

To whom it may concern:

This is to certify that Jose A. Alemparte, M.D. has altogether spent nine months of rotation in our Nuclear Medicine Department during his Cardiology fellowship at this and other affiliated institution, being directly involved in the performance of all Nuclear Cardiology procedures.

The abovementioned rotation included a Clinical Cardiology care of all the referred cardiac patients, a wide range of diagnostic images' interpretations of all the scheduled diagnostic cardiac imaging studies such as stress testing, gated blood pool ejection fraction and infarct avid imaging procedures, totaling over 800 hours of clinical experience spent at our Nuclear Medicine Department, from July 1, 1994 to June 30, 1997.

Dr. Alemparte has always demonstrated to be an exemplary Medical resident and Cardiology Fellow trainee with a deep interest in the fields of Cardiology and Diagnostic Nuclear Cardiology, by efficiently performing during his rotations in our department.

I recommend Dr. Alemparte wholeheartedly and without any hesitation, because of his high professional and ethical standards.

Please do not hesitate to contact me for any additional information at (718) 963-8673.

Sincerely,

Isaac Wasserman, M.D.
