My name is Jason Stone I am a resident of Denver, North Carolina. I oppose in every way the use of plutonium by Duke Power. I love this area of North Carolina, If Duke Power is given permission through your organization we will do everything under the law to oppose and boycott Duke Power and the Nuclear Regulatory Commission. We as residents should not be subjected to the environmental catastrophe caused by a terrorist or unfortunate deadly employee mistake. Once again I strictly oppose allowing Duke to receive any plutonium!

Concerned, Citizen

JASON STONE (704) 489-0736
