Dear Mr. Kane:

On behalf of the Senate Energy and Natural Resources Committee, I would like to invite you to testify at the Committee's oversight hearing to receive testimony on the research and development, workforce training, and Price-Anderson Act provisions of pending energy legislation, including S. 242, Department of Energy University Nuclear Science and Engineering Act; S. 388, the National Energy Security Act of 2001; S. 472, Nuclear Energy Electricity Supply Assurance Act of 2001; and S. 597, the Comprehensive and Balanced Energy Policy Act of 2001.

The hearing will take place on Thursday, May 24, 2001 at 9:30 a.m. in room SD-106 of the Dirksen Senate Office Building in Washington, DC. In order to maximize the time available for Members to ask questions, please limit oral testimony to five minutes. Written testimony will be included in full in the Committee's printed hearing record.

Please provide the Committee with 100 copies of your testimony by close of business Tuesday, May 22, 2001. At that time, please provide a copy of your testimony on a 3 ½ inch disk or e-mail it to [committee@energy.senate.gov](mailto:committee@energy.senate.gov). It is not necessary to convert the file to any particular format. The Committee intends to post the testimony on its web site, [www.energy.senate.gov](http://www.energy.senate.gov) in order to make it widely available to the public.

Should your staff have any questions, please contact Bryan Hannegan, Staff Scientist at (202) 224-7932.

Sincerely,

Frank H. Murkowski
