SUBJECT: APPLICATION FOR A LICENSE DATED MAY 10, 2001

Dear Ms. Roth:

This letter refers to your request for an NRC License dated May 10, 2001, and to the telephone discussion between Tapan Audhya, Ph.D. of your staff and myself on May 29, 2001. During the telephone discussion, it was determined that you want authorization for pre-packaged radioimmuno assay (RIA) kits and that your total authorization would not exceed 25 microcuries at any given time. The type and quantity of licensed material requested can be possessed under the general license provided under 10 CFR 31.11 (enclosed). Complete NRC Form 483 (enclosed) and return it to the address indicated. When you receive the completed form, with registration number, you may contact your supplier of RIA kits and begin ordering them. We are returning your application and the check is being forwarded to the NRC Fees Branch for processing and reimbursement.

Thank you for your cooperation.

Sincerely,
