

June 8, 2001

Thelma Wideman, Director
Emergency Management, Wayne County
7336 Rt 31
Lyons, NY 014489

SUBJECT: NRC ANNUAL PERFORMANCE ASSESSMENT OF R.E. GINNA NUCLEAR
POWER PLANT

Dear Ms. Wideman:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and Rochester Gas and Electric Corporation (RG&E) in which we will discuss our annual performance assessment of R.E. Ginna Nuclear Power Plant (Ginna).

The NRC completed its annual performance assessment of Ginna in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from the last 12 months. The assessment results are described in the enclosed Annual Assessment Letter sent to RG&E on May 31, 2001.

On June 20, 2001, the NRC will meet with the management of RG&E to discuss the safety performance of Ginna. The meeting is scheduled to begin at 1:00 p.m., at the Ginna Training Center, on Lake Road, Ontario, New York, and is open to the public for observation.

Following the meeting with RG&E, the NRC staff will be available for individual follow-up discussion with you or others in attendance. In addition, you may obtain information about the Reactor Oversight Process and the specific performance of Ginna using the NRC Web site. This information may be accessed at <http://www.nrc.gov/NRR/OVERSIGHT>.

Your schedule permitting, I look forward to meeting you on June 20, 2001. In the interim, please do not hesitate to contact me at 610-337-5224, if I can be of further assistance to you.

Sincerely,

/RA/

Michele G. Evans, Chief
Projects Branch 1
Division of Reactor Projects

Our assessment used the most recent performance indicator data and inspection findings from the last 12 months. The assessment results are described in the enclosed Annual Assessment Letter sent to RG&E on May 31, 2001.

On June 20, 2001, the NRC will meet with the management of RG&E to discuss the safety performance of Ginna. The meeting is scheduled to begin at 1:00 p.m., at the Ginna Training Center, on Lake Road, Ontario, New York, and is open to the public for observation.

Following the meeting with RG&E, the NRC staff will be available for individual follow-up discussion with you or others in attendance. In addition, you may obtain information about the Reactor Oversight Process and the specific performance of Ginna using the NRC Web site. This information may be accessed at <http://www.nrc.gov/NRR/OVERSIGHT>.

Your schedule permitting, I look forward to meeting you on June 20, 2001. In the interim, please do not hesitate to contact me at 610-337-5224, if I can be of further assistance to you.

Sincerely,

/RA/

Michele G. Evans, Chief
Projects Branch 1
Division of Reactor Projects

June 8, 2001

The Honorable Richard A. Dollinger
New York State Senate
339 East Avenue
Rochester, NY 14604

SUBJECT: NRC ANNUAL PERFORMANCE ASSESSMENT OF R.E. GINNA NUCLEAR
POWER PLANT

Dear Mr. Dollinger:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and Rochester Gas and Electric Corporation (RG&E) in which we will discuss our annual performance assessment of R.E. Ginna Nuclear Power Plant (Ginna).

The NRC completed its annual performance assessment of Ginna in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from the last 12 months. The assessment results are described in the enclosed Annual Assessment Letter sent to RG&E on May 31, 2001.

On June 20, 2001, the NRC will meet with the management of RG&E to discuss the safety performance of Ginna. The meeting is scheduled to begin at 1:00 p.m., at the Ginna Training Center, on Lake Road, Ontario, New York, and is open to the public for observation.

Following the meeting with RG&E, the NRC staff will be available for individual follow-up discussion with you or others in attendance. In addition, you may obtain information about the Reactor Oversight Process and the specific performance of Ginna using the NRC Web site. This information may be accessed at <http://www.nrc.gov/NRR/OVERSIGHT>.

Your schedule permitting, I look forward to meeting you on June 20, 2001. In the interim, please do not hesitate to contact me at 610-337-5224, if I can be of further assistance to you.

Sincerely,

/RA/

Michele G. Evans, Chief
Projects Branch 1
Division of Reactor Projects
