SUBJECT: MAINTENANCE OF DOCUMENTS AT THE FORMER CATAWBA LOCAL
PUBLIC DOCKET ROOM RELATED TO APPLICATION BY DUKE ENERGY
FOR LICENSE RENEWAL OF CATAWBA NUCLEAR STATION, UNITS 1 AND
2, FOR AN ADDITIONAL 20 YEARS (DOCKET NOS. 50-413 AND 50-414)

Dear Mr. Lyon:

This is to confirm a June 7, 2001, telephone conversation with Mrs. Mary Mallaney, of your reference department, concerning the maintenance of documents in the reference section of your library. These documents are related to the NRC staff's review of the application by Duke Energy for license renewal of Catawba Nuclear Station, Units 1 and 2, for an additional 20 years. The staff expects that the Duke Energy application will be docketed on or about June 14, 2001, and will consist of approximately three 3-inch binders. Over the 18-month period of the review, the volume of documents and related correspondence is expected to fill about one 3-foot shelf.

After the NRC receives the application, electronic versions of the documents will also be available at the NRC's Public Document Room and in the Public Electronic Reading Room, accessible through the NRC Home Page (<http://www.nrc.gov>).

We appreciate your willingness to assist the public in participating in the license renewal process. We will place the York County Library on our distribution list for documents and notices related to the Duke Energy application for license renewal at Catawba.

Thank you for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-1108 or by e-mail at jhw1@nrc.gov.

Sincerely,

/S/JHWilson
