MEMORANDUM TO: John R. Tappert, Chief, Operational Experience Section
Operational Experience & Non-Power Reactors Branch
Division of Regulatory Improvement Programs
Office of Nuclear Reactor Regulation

FROM: Brendan T. Moroney, Project Manager, Section 2 */RA/*
Project Directorate II
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

SUBJECT: TASK INTERFACE AGREEMENT (TIA) 96-019

On June 7, 2001, you received a request from an interested stakeholder for a copy of TIA 96-019, "Safety Assessment of Region II Concerns Regarding Discrepancies of Containment Radiation Monitor Sensitivities at St. Lucie Units 1 and 2, and Turkey Point Units 3 and 4." You requested a copy from DLPM and asked if there was any reason why it could not be released.

The TIA was originally classified as "Pre-Decisional Information - Limited Distribution" in accordance with NRR procedures at that time. Current practice is to make TIA documentation publicly available. Your request was discussed with DLPM and Region II management, and it was concluded that TIA 96-019 could be made public in accordance with current practice. A copy of TIA 96-019 is attached, and may be provided to the requesting party.
