

June 19, 2001

Mr. Jere Krakow, Superintendent
National Park Service
Long Distance Trails Office
324 South State Street, Suite 250
P.O. Box 45155
Salt Lake City, UT 84145-0155

SUBJECT: REVIEW OF MEMORANDUM OF AGREEMENT FOR THE PROPOSED
PRIVATE FUEL STORAGE FACILITY

Dear Mr. Krakow:

By letter dated December 1, 2000, the staff of the U.S. Nuclear Regulatory Commission (NRC), in cooperation with the U.S. Department of Interior's Bureau of Indian Affairs (BIA) and Bureau of Land Management (BLM), and the Surface Transportation Board (STB), (collectively, the cooperating Federal agencies), requested your concurrence on the determination of adverse effects on properties that are eligible for inclusion in the National Register of Historic Places (*National Register*). As a consequence of the finding of adverse effect, the cooperating Federal agencies developed a draft Memorandum of Agreement (Agreement) that outlines agreed-upon measures that Private Fuel Storage, L.L.C. (PFS) will take to avoid, minimize, or mitigate these adverse effects. The cooperating Federal agencies previously requested your comments regarding the draft Agreement. Based on the comments received from the consulting parties, the Agreement was revised. Enclosed for your review is a copy of the revised Agreement (Enclosure 1). The cooperating Federal agencies request your review and comments, within 10 days, on the revised Agreement. If you do not respond within 10 days from the receipt of this letter, we will assume you have no comments on the revised Agreement. Once all comments are received, reviewed, and incorporated, as appropriate, the cooperating Federal agencies will forward a copy of the final Agreement to the consulting parties for either signature or concurrence.

As you are aware, a stipulation of the Agreement is for the development of a Treatment Plan and a Discovery Plan. The Treatment Plan will identify (1) all *National Register* eligible properties in the Area of Potential Effect, (2) the nature of the effects to which each property will be subjected, and (3) the mitigation measures agreed to by the consulting parties. The mitigation measures will be based upon the measures outlined in the NRC letter dated December 12, 2000, to Mr. John Parkyn, Chairman of the Board, PFS (Enclosure 2). The Discovery Plan will identify the process PFS must follow if a historic, archeological, or cultural property is encountered during construction or operation of the proposed PFS Facility or rail line. Once the Treatment Plan and Discovery Plan have been finalized, they will be forwarded for your review and comment.

J. Krakow

Ms. Carol Gleichman
Advisory Council on Historic Preservation
12136 West Bayaud Avenue, #330
Lakewood, CO 80226

SUBJECT: REVIEW OF MEMORANDUM OF AGREEMENT FOR THE PROPOSED
PRIVATE FUEL STORAGE FACILITY

Dear Ms. Gleichman:

By letter dated December 1, 2000, the staff of the U.S. Nuclear Regulatory Commission (NRC), in cooperation with the U.S. Department of Interior's Bureau of Indian Affairs (BIA) and Bureau of Land Management (BLM), and the Surface Transportation Board (STB), (collectively, the cooperating Federal agencies), requested your concurrence on the determination of adverse effects on properties that are eligible for inclusion in the National Register of Historic Places (*National Register*). As a consequence of the finding of adverse effect, the cooperating Federal agencies developed a draft Memorandum of Agreement (Agreement) that outlines agreed-upon measures that Private Fuel Storage, L.L.C. (PFS) will take to avoid, minimize, or mitigate these adverse effects. The cooperating Federal agencies previously requested your comments regarding the draft Agreement. Based on the comments received from the consulting parties, the Agreement was revised. Enclosed for your review is a copy of the revised Agreement (Enclosure 1). The cooperating Federal agencies request your review and comments, within 10 days, on the revised Agreement. If you do not respond within 10 days from the receipt of this letter, we will assume you have no comments on the revised Agreement. Once all comments are received, reviewed, and incorporated, as appropriate, the cooperating Federal agencies will forward a copy of the final Agreement to the consulting parties for either signature or concurrence.

As you are aware, a stipulation of the Agreement is for the development of a Treatment Plan and a Discovery Plan. The Treatment Plan will identify (1) all *National Register* eligible properties in the Area of Potential Effect, (2) the nature of the effects to which each property will be subjected, and (3) the mitigation measures agreed to by the consulting parties. The mitigation measures will be based upon the measures outlined in the NRC letter dated December 12, 2000, to Mr. John Parkyn, Chairman of the Board, PFS (Enclosure 2). The Discovery Plan will identify the process PFS must follow if a historic, archeological, or cultural property is encountered during construction or operation of the proposed PFS Facility or rail line. Once the Treatment Plan and Discovery Plan have been finalized, they will be forwarded for your review and comment.

SUBJECT: REVIEW OF MEMORANDUM OF AGREEMENT FOR THE PROPOSED
PRIVATE FUEL STORAGE FACILITY

Dear Mr. Parkyn:

By letter dated December 1, 2000, the staff of the U.S. Nuclear Regulatory Commission (NRC), in cooperation with the U.S. Department of Interior's Bureau of Indian Affairs (BIA) and Bureau of Land Management (BLM), and the Surface Transportation Board (STB), (collectively, the cooperating Federal agencies), requested your concurrence on the determination of adverse effects on properties that are eligible for inclusion in the National Register of Historic Places (*National Register*). As a consequence of the finding of adverse effect, the cooperating Federal agencies developed a draft Memorandum of Agreement (Agreement) that outlines agreed-upon measures that Private Fuel Storage, L.L.C. (PFS) will take to avoid, minimize, or mitigate these adverse effects. The cooperating Federal agencies previously requested your comments regarding the draft Agreement. Based on the comments received from the consulting parties, the Agreement was revised. Enclosed for your review is a copy of the revised Agreement (Enclosure 1). The cooperating Federal agencies request your review and comments, within 10 days, on the revised Agreement. If you do not respond within 10 days from the receipt of this letter, we will assume you have no comments on the revised Agreement. Once all comments are received, reviewed, and incorporated, as appropriate, the cooperating Federal agencies will forward a copy of the final Agreement to the consulting parties for either signature or concurrence.

As you are aware, a stipulation of the Agreement is for the development of a Treatment Plan and a Discovery Plan. The Treatment Plan will identify (1) all *National Register* eligible properties in the Area of Potential Effect, (2) the nature of the effects to which each property will be subjected, and (3) the mitigation measures agreed to by the consulting parties. The mitigation measures will be based upon the measures outlined in the NRC letter dated December 12, 2000, to Mr. John Parkyn, Chairman of the Board, PFS (Enclosure 2). The Discovery Plan will identify the process PFS must follow if a historic, archeological, or cultural property is encountered during construction or operation of the proposed PFS Facility or rail line. Once the Treatment Plan and Discovery Plan have been finalized, they will be forwarded for your review and comment.

As you are aware, a stipulation of the Agreement is for the development of a Treatment Plan and a Discovery Plan. The Treatment Plan will identify (1) all *National Register* eligible properties in the Area of Potential Effect, (2) the nature of the effects to which each property will be subjected, and (3) the mitigation measures agreed to by the consulting parties. The mitigation measures will be based upon the measures outlined in the NRC letter dated December 12, 2000, to Mr. John Parkyn, Chairman of the Board, PFS (Enclosure 2). The Discovery Plan will identify the process PFS must follow if a historic, archeological, or cultural property is encountered during construction or operation of the proposed PFS Facility or rail line. Once the Treatment Plan and Discovery Plan have been finalized, they will be forwarded for your review and comment.

P.O. Box 6104
Ibapah, UT 84034

SUBJECT: REVIEW OF MEMORANDUM OF AGREEMENT FOR THE PROPOSED
PRIVATE FUEL STORAGE FACILITY

Dear Chairman Hooper:

By letter dated December 1, 2000, the staff of the U.S. Nuclear Regulatory Commission (NRC), in cooperation with the U.S. Department of Interior's Bureau of Indian Affairs (BIA) and Bureau of Land Management (BLM), and the Surface Transportation Board (STB), (collectively, the cooperating Federal agencies), requested your concurrence on the determination of adverse effects on properties that are eligible for inclusion in the National Register of Historic Places (*National Register*). As a consequence of the finding of adverse effect, the cooperating Federal agencies developed a draft Memorandum of Agreement (Agreement) that outlines agreed-upon measures that Private Fuel Storage, L.L.C. (PFS) will take to avoid, minimize, or mitigate these adverse effects. The cooperating Federal agencies previously requested your comments regarding the draft Agreement. Based on the comments received from the consulting parties, the Agreement was revised. Enclosed for your review is a copy of the revised Agreement (Enclosure 1). The cooperating Federal agencies request your review and comments, within 10 days, on the revised Agreement. If you do not respond within 10 days from the receipt of this letter, we will assume you have no comments on the revised Agreement. Once all comments are received, reviewed, and incorporated, as appropriate, the cooperating Federal agencies will forward a copy of the final Agreement to the consulting parties for either signature or concurrence.

As you are aware, a stipulation of the Agreement is for the development of a Treatment Plan and a Discovery Plan. The Treatment Plan will identify (1) all *National Register* eligible properties in the Area of Potential Effect, (2) the nature of the effects to which each property will be subjected, and (3) the mitigation measures agreed to by the consulting parties. The mitigation measures will be based upon the measures outlined in the NRC letter dated December 12, 2000, to Mr. John Parkyn, Chairman of the Board, PFS (Enclosure 2). The Discovery Plan will identify the process PFS must follow if a historic, archeological, or cultural property is encountered during construction or operation of the proposed PFS Facility or rail line. Once the Treatment Plan and Discovery Plan have been finalized, they will be forwarded for your review and comment.

SUBJECT: REVIEW OF MEMORANDUM OF AGREEMENT FOR THE PROPOSED
PRIVATE FUEL STORAGE FACILITY

Dear Mr. Petersen:

By letter dated December 1, 2000, the staff of the U.S. Nuclear Regulatory Commission (NRC), in cooperation with the U.S. Department of Interior's Bureau of Indian Affairs (BIA) and Bureau of Land Management (BLM), and the Surface Transportation Board (STB), (collectively, the cooperating Federal agencies), requested your concurrence on the determination of adverse effects on properties that are eligible for inclusion in the National Register of Historic Places (*National Register*). As a consequence of the finding of adverse effect, the cooperating Federal agencies developed a draft Memorandum of Agreement (Agreement) that outlines agreed-upon measures that Private Fuel Storage, L.L.C. (PFS) will take to avoid, minimize, or mitigate these adverse effects. The cooperating Federal agencies previously requested your comments regarding the draft Agreement. Based on the comments received from the consulting parties, the Agreement was revised. Enclosed for your review is a copy of the revised Agreement (Enclosure 1). The cooperating Federal agencies request your review and comments, within 10 days, on the revised Agreement. If you do not respond within 10 days from the receipt of this letter, we will assume you have no comments on the revised Agreement. Once all comments are received, reviewed, and incorporated, as appropriate, the cooperating Federal agencies will forward a copy of the final Agreement to the consulting parties for either signature or concurrence.

As you are aware, a stipulation of the Agreement is for the development of a Treatment Plan and a Discovery Plan. The Treatment Plan will identify (1) all *National Register* eligible properties in the Area of Potential Effect, (2) the nature of the effects to which each property will be subjected, and (3) the mitigation measures agreed to by the consulting parties. The mitigation measures will be based upon the measures outlined in the NRC letter dated December 12, 2000, to Mr. John Parkyn, Chairman of the Board, PFS (Enclosure 2). The Discovery Plan will identify the process PFS must follow if a historic, archeological, or cultural property is encountered during construction or operation of the proposed PFS Facility or rail line. Once the Treatment Plan and Discovery Plan have been finalized, they will be forwarded for your review and comment.
