SUBJECT: SCREENING OF PROPOSED ELIGIBILITY WAIVER STATEMENT FOR
SENIOR REACTOR OPERATOR LICENSE TRAINING

Dear Mr. von Suskil:

This refers to your letter of March 23, 2000, in which you requested a review and preliminary assessment of the proposed waiver. We have reviewed the information you provided and approve a waiver to meet the experience requirements for the licensed limited senior reactor operator (LSRO) to enter the senior reactor operator license training program which is a systems approach to training program. Upon meeting the training program requirements, the candidate may apply for a senior operator license examination. Since the LSRO is not required to pass a Generic Fundamentals Examination (GFE), the GFE must be passed prior to applying for a senior reactor operator examination. If you have any questions, please contact me at (610) 337-5183.

Sincerely,

/RA/

Richard J. Conte, Chief
Operational Safety Branch
Division of Reactor Safety
