Dear Mr. Buckman:

Based on the information and test data submitted in your application by Engelhardt and Associates, Inc. and dated February 7, 2001, and subsequent correspondence, we conclude the Model 5321 Tube Wall Thickness Gauge is acceptable for licensing purposes in accordance with the conditions of the enclosed registration certificate (NR-1120-D-103-S).

Please be advised that you must manufacture and distribute the product in accordance with the statements and representations contained in your application and subsequent correspondence, with enclosures thereto, and the information set out in your registration certificate. As a general rule, you must request and obtain an amendment to the certificate before you make changes or modifications to the information submitted to obtain the certificate.

Please read over the registration certificate in its entirety and notify us immediately of any errors or omissions. You are obligated to notify us promptly in writing should you decide to no longer distribute or offer service support for the product.

Please be aware that, as a holder of an NRC registration, you may be subject to the NRC's licensing fees in accordance with 10 CFR Part 170, and annual fees in accordance with 10 CFR Part 171. If you have any questions concerning the fee requirements, please contact the License Fee and Accounts Receivable Branch at (301) 415-7554.

If you have any questions, please contact me at (301) 415-7038.

Sincerely,

/RA/
