In the Matter of

DUKE COGEMA STONE & WEBSTER

Docket No. 070-03098-ML

(Savannah River Mixed Oxide Fuel
Fabrication Facility)

ASLBP No. 01-790-01-ML

**Stipulation Between Duke Cogema Stone & Webster and
Georgians Against Nuclear Energy Regarding
Access to Proprietary Information**

Duke Cogema Stone & Webster ("DCS") and Georgians Against Nuclear Energy ("GANE") (collectively, "the parties"), agree to the following:

Subject to, and in accordance with, the terms and restrictions of the Atomic Safety and Licensing Board's June 29, 2001 Protective Order (ASLBP 01-790-01-ML) ("Protective Order"), DCS will provide access to the proprietary portions of the DCS Mixed Oxide Fuel Fabrication Facility ("MOX Facility") Construction Authorization Request and DCS' proprietary financial statement for fiscal year 1999 as submitted to the Nuclear Regulatory Commission (the "proprietary information") to: (1) Ms. Diane Curran, Esquire, of Harmon, Curran, Spielberg & Eisenberg, LLP, 1726 M Street NW, Suite 600, Washington, D.C. 20036; and (2) Dr. Edwin Lyman, of Nuclear Control Institute, 1000 Connecticut Avenue NW, Suite 410, Washington, D.C. 20036, when both of the following conditions are met:

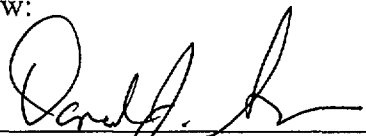

- (1) Approval by the Licensing Board of this Stipulation, pursuant to ¶ B.2 of the Protective Order; and
- (2) Proper execution by Ms. Curran and Dr. Lyman ("Affiants") of the Nondisclosure Affidavit attached to the Protective Order and receipt of those Nondisclosure Affidavits by DCS counsel.

Based on conversations between GANE's representative and counsel for DCS, DCS has no objection to the Affiants' use of their own copies of Symantec's "Wipe Info" in lieu of DCS providing such software in accordance with ¶ 7 of the Nondisclosure Affidavit. However, nothing in this Stipulation will release GANE, Ms. Curran or Dr. Lyman from otherwise fulfilling their obligations under ¶ 7 of the Nondisclosure Affidavit.

As provided in ¶ A of the Protective Order, the grant of access to proprietary information does not waive any of DCS' objections to the qualifications of any proposed witness, including Ms. Curran and Dr. Lyman, to testify in any proceeding regarding the MOX Facility.

Although the Protective Order appears to require only that "DCS will provide one copy [of the proprietary information] per Petitioner" (*see* ¶ F), in an effort to foster continued and efficient cooperation between GANE and DCS, DCS will make one copy of the proprietary information available to both Dr. Lyman and Ms. Curran at their business addresses listed above, in addition to the copy that DCS will provide to Ms. Glenn Carroll.

In witness hereof, the parties have executed this Stipulation as of the date last written below:
