Exelon Generation Company, LLC

SUBJECT: REQUEST FOR ADDITIONAL INFORMATION; CHANGES TO THE PHYSICAL AND GUARD FORCE TRAINING AND QUALIFICATION PLANS FOR BRAIDWOOD, BYRON, DRESDEN, LASALLE, AND QUAD CITIES (TAC NOS. MB1589, MB1590, MB1591, MB1592, MB1593, MB1594, MB1595, MB1596, MB1597, AND MB1598)

Dear Mr. Kingsley:

By letter dated March 23, 2001, Exelon Generation Company, LLC (Exelon) requested approval of changes to the physical security and guard force training and qualification plans for the subject facilities.

During the review of Exelon's request, we have determined that additional information is required before we can complete our review related to the guard force training. Specifically, Appendix B to 10 CFR Part 73 requires that armed individuals document their weapons qualification and requalification with a specific score that is maintained on file for three years. In addition, 10 CFR 73.55 provides that the Nuclear Regulatory Commission (NRC) may authorize activities other than those required by 10 CFR 73.55(a) provided that the same high level assurance and an equivalent level of protection are maintained as specified in the remainder of 10 CFR Part 73, which references Appendix B. Please provide the basis for concluding that guard requalification by demonstrating "proficiency" provides a similar assurance to the requirements in Appendix B.

Based on discussions with members of your staff, it was agreed that we would receive a response within 30 days of receipt of this request.

Sincerely,

/RA/
