

Regional Office Instruction No. 0917, Revision 8

EVALUATION OF LICENSEE NOTICE OF VIOLATION RESPONSE

Facility Name: Freedom Lincoln Mercury

Responsible DRP/DNMS Branch Chief: Thomas R. Decker

Inspection Report No. 999-90012/01-01

Violation No. 01-01/001

Date of Licensee NOV Response: August 16, 2001

Date Licensee NOV Responses were received: August 23, 2001

Based on review of the licensee's NOV response, the following action is recommended:

- ☒ The licensee's NOV response is acceptable, and no additional information from the licensee is necessary. Acknowledgment of the licensee's NOV response is to be included in the next integrated inspection report.
- ☐ A telephone call to the licensee is necessary to obtain clarifying or additional information. Issuance of a separate acknowledgment letter to the licensee, documenting the clarifying information, will be completed by the responsible Division. However, a request for an additional written response from the licensee is not required.
- ☐ The licensee's NOV response warrants a request for supplemental information. Issuance of a separate letter to the licensee, requesting an additional written response, will be completed by the responsible Division.
- ☐ The licensee's NOV response is acceptable, and no additional information from the licensee is necessary. However, a separate acknowledgment letter is recommended because: the licensee disagrees with the language presented in the NOV.
- ☐ The licensee denies the NOV; a response will be prepared by the responsible Division.
