RE: Changes to Adjudicatory Process, as published in the Federal Register, April 16, 2001,
Vol.66, pages 19609 - 19671.

I am voicing displeasure with the above proposed rule.

I believe the public should continue to be allowed to have an active role in proceedings for issuing, amending, or renewing nuclear plant licenses. I urge you not to alter the rules in a way that would prevent the public from participating in this process.

Sincerely,

Robert Capella
