RE: NRC Form 7 – Notification of Import/Export Activities under General License

Dear Ms. Wright:

Thank you for speaking with me regarding my letter dated August 7, 2001. Attached is a completed NRC Form 7. As we discussed, this is a notification of Import/Export Activity and not an application for a Specific License. Import and export activities will be conducted under the General License provisions of 10 CFR 110.20, 110.27, et.al. This notification is submitted as required since the total weight of the contaminated laundry exceeds 100 kilograms.

UniTech understands that no formal NRC response or approval is required. Please contact me at your earliest convenience if you have any questions. Thank you again for your assistance in this matter.

Sincerely,

UniTech Services Group, Inc.
