ADJUDICATIONS STAFF

BARBARA LOUISE LAND  
502 EAST SECOND AVENUE  
COLUMBUS, OH 43201

Office of the Secretary  
US Nuclear Regulatory Commission  
Washington, DC 20555  
Attn: Rulemaking & Adjudications Staff

9/10/01

To whom it may concern,

When a new gas station, or school, or almost anything else wants to enter a neighborhood, the neighbors have a generally recognized right to get together and yell "NIMBY!" (Not In My Back Yard). I see no reason to make an exception for nuclear reactors, as the NRC, rumor has it, is trying to do. The potential neighbors should have the right to say no to a nuclear reactor.

Barbara Louise Land
