OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

2375 Wallen Lane
N. Bellmore, NY 11710
September 10, 2001

Office of The Secretary
US Nuclear Regulatory Commission

To The Rulemaking + Adjudication Staff:

I am strongly opposed to the NRC proposed rule change described in the 4/16/01 Vol. 66 Federal Register. We, the public, are entitled to full and meaningful participation in on-the-record hearings re: nuclear reactor relicensing and changes to safety requirements.

Your arrogance in proposing these changes is appalling to me. Please withdraw your proposals.

Martin Feldman
