To Whom It May Concern:

I live not far from 3 aging nuke plants on  
I am opposed to the NRC proposed rulemaking as described in L. Ontario  
The Federal Register, April 16, 2001, Vol. 66 to change the very  
licensing hearing process for nuclear power reactors. The public  
is entitled to full and meaningful participation in an on-the-unhappy  
record hearing process for the licensing of new reactors, the re their  
relicensing of aging reactors and industry amendments to Safe
