

NRC/NEI MEETING
Licensing Action Task Force
July 18, 2001

Enclosure 2

NEI WHITE PAPER

Standard Format for License Amendment Requests (LARs)

- NEI issue final paper to industry
- August 1, 2001
- Copy to NRC for information
- Voluntary template for improved consistency & efficiency

CLIIP # 1

Consolidated Line Item Improvement Process Post Accident Sampling System

- Status of PASS pilot
- Submittal considerations
 - Availability of resources
 - Outage scheduling & budgeting
- NEI LATF to survey licensees for CLIIP “lessons learned”

CLIIP # 2

Consolidated Line Item Improvement Process Missed Surveillances

- Initial CLIIP for risk-informed Tech Specs
- Federal Register notice - June 14, 2001
- NEI comment letter - July 16, 2001
 - Proceed with a “notice of availability”
 - Resolve future TSTF changes before the FRN
 - License condition could impede adoption

BURDEN REDUCTION

- NRC Workshop - May 31, 2001
- NEI comment letter - July 2, 2001
- NRC follow-up
 - Demonstrate resource commitment
 - Action Plan (deliverables & schedules)
 - Assign responsibilities
 - Management oversight
 - Periodically monitor status of Action Plan

RELIEF REQUESTS & CODE CASES

- NEI LATF is evaluating the need for a standard format template
- Identify NRC process issues
 - Code Case endorsement through use of NRC website
 - Use of precedent

ADDITIONAL ISSUES

- Small power uprates
- Task Interface Agreements
- Open discussion

NEI
