TEMPLATE ADMOD

ADM02

The purpose of this modification is to: (1) extend the period of performance of this Interagency Agreement (IA) for an additional three years; (2) revise Article VIII to increase the Agreement's total estimated amount (ceiling) by \$60,000.00 from \$166,150.00 to \$226,150.00; (3) provide updated Attachments B and C, which includes types of professional services and a range of hourly rates, and the laboratory services and cost associated with the air quality survey entitled "Federal Occupational Health Environmental Reference Laboratories - Fee Schedule for Fiscal Year 2002". These attachments are to be used to reimburse the Public Health Service (PHS) for labor and laboratory sampling for each work order; (4) revise Article XI to change the telephone number for the PHS' point of contact, Paul Pryor; and (5) delete the Gelman Building (PDR) as a current survey location. Accordingly, this Agreement is hereby modified as follows:

1. Article V, "Level of Effort and Period of Performance," the first sentence is deleted in its entirety and the following is substituted in lieu thereof:

"This Interagency Agreement shall commence on 9/20/96 and expire on 9/19/2004."

2. Article VIII entitled "Estimated Amount," the first paragraph is DELETED in its entirety, and the following paragraph is REPLACED in lieu thereof:

"The total estimated amount (ceiling) of this agreement is \$226,150.00, which consists of the base year (\$53,000), the four one-year option periods (\$113,150), and the additional 3 year period of performance (\$20,000/year x 3 = \$60,000)."

3. Article XI entitled "Points of Contact," first paragraph, the telephone number for Paul Pryor of PHS has been changed to "(215) 861-4107".
4. On page 4 of the Statement of Work to the basic contract, under the heading "Current Location (cont'd)", DELETE the following location to be surveyed:

"Gelman Building (PDR)
2120 L Street, NW
Washington, DC"

All other terms and conditions of this Interagency Agreement remain unchanged.

A summary of obligations for this contract, from award date through the date of this action is given below:

Total FY97 Obligations: \$53,000.00
Total FY98 Obligations: \$30,000.00
Total FY99 Obligations: \$24,650.00
Total FY00 Obligations: \$25,000.00
Total FY01 Obligations: \$10,000.00

Cumulative Total of Obligations: \$142,650.00

This modification does not obligate any FY01 funds.

NOTE: THIS MODIFICATION DOES NOT OBLIGATE ANY FUNDS TO COVER COST INCURRED DURING THE ADDITIONAL THREE YEAR PERIOD OF PERFORMANCE BECAUSE NRC'S RECORDS REFLECT THERE ARE UNEXPENDED FUNDS REMAINING UNDER THIS AGREEMENT. WHEN ALL REMAINING FUNDS HAVE BEEN EXPENDED, THE NRC WILL OBLIGATE ADDITIONAL FUNDS.

The following information illustrates the Professional Service; the range of hourly rates, and the Laboratory costs associated with the survey/assessments proposed:

FISCAL YEAR 2002 FEE SCHEDULE

About the FY' 2002 Fee Schedule

- Necessary supplies (filters, charcoal tubes, PASSIVE MONITORS, solutions, etc.) are provided **FREE OF CHARGE** when the FOH Lab receives resultant samples for analysis. Lost, damaged, or non-returned supplies will be invoiced after 60 days unless the lab is notified. Unused/damaged badges and specialty filters (e.g., glutaraldehyde, isocyanate) will be invoiced at replacement cost.
- Normal turnaround time for routine analysis is SEVEN working days from receipt of samples. "RUSH" service is usually available. "RUSH" results carry a 50% surcharge added to the regular fee. The laboratory requests advance notice for "RUSH" service.
- Technical Support available 8:30 A.M.-4:30 P.M. CST.
- Good Laboratory Practice (GLP), the OSHA and NIOSH methods and the FOH Quality Assurance Program requires that a minimum of 1 blank must accompany every set of samples. Blanks are charged at applicable fees.
- Research projects and methods development @ \$65.00 per one hour.
