SUBJECT: RES FINANCIAL ASSISTANCE BOARD MEETING

As Co-Chairman of the RES FAB, I have scheduled a meeting on August 15, 1995, at 2:00 p.m. in TWFN Conference Room T-10 A17. If anyone cannot attend this meeting, please contact me ASAP.

The grant being considered is from NCRP, entitled, "Critical Evaluation of the Linear-No Threshold Assumption." This proposal has been coordinated with NMSS and agency top management including Hugh Thompson, DEDO. Although the grant request is for a three-year period at \$75K/year, RES wishes to fund it for a one-year period with two one-year options at \$75K a year. Charleen Raddatz, the RES Project Officer, will explain the intricacies of this at the meeting. We should also discuss how we will approve this grant - initially and then each year as the options are exercised or if we will approve the full three years at this meeting.

Attached, for your review before the meeting, are copies of the grant proposal and the technical evaluation.

If you have any questions, please don't hesitate to call me.
