T. Webb-NRC
Document Control
Desk(1)

The following memos represent procedures that were issued by the date on the memo, but a signed sheet was not received back for tracking. Some of these have been open for quite some time. Some of the reasons could include; lost in the mail, used for scratch paper, I threw it away, etc. It is not important as to how it was missed, it is important to close the books out.

To do this, I need your help. Please make a reasonable effort to verify that the procedures were indeed revised on or near the date they were issued. This may mean looking up the particular procedure in your book and verifying that it is either the one on the memo, or it is a later revision.

Then, sign the memo, and send it back.

I know this entails some work on our parts, I know that we are all short on resources. I also know that we need to have accurate records on tracking for audit purposes. Please take some time to do this task in the next couple of weeks. Thank you VERY much!

Thank you in advance for your help!

Laura Ihlenfeldt

P.S. You can either send it to me or to Diane.
