SUBJECT: AMBRIC TESTING AND ENGINEERING ASSOCIATES, INC.

Dear Mr. Camposano:

Your firm, DiDonato & Winterhalter, P.C. represents Mitchell W. Miller, Esquire, the Chapter 7 Bankruptcy Trustee in the matter of Ambric Testing and Engineering Associates, Inc. (Ambric). As counsel for the bankruptcy trustee, you or your colleague, Edward DiDonato, have in the past indicated to the NRC and other parties that the sale of the gauges was imminent. This sale has not concluded. The NRC is concerned over the apparent lack of progress in the sale of the Ambric nuclear gauges. As such, we ask that you provide us with a written explanation of the status of the gauges, including the difficulties you are encountering in dispositioning them.

Include in your description:

1. An explanation of the obstacles that are preventing you from selling the nuclear gauges to one of the interested parties that have already presented you with a offers, and
2. Specify who is/are the owner(s) of the building where the gauges were previously housed (Bldg. 1) and the owner(s) of the building where they are currently housed (Bldg. 2).

Thank you for your cooperation.

Sincerely,

Original signed by John D. Kinneman
