SUBJECT: REVIEW OF INTERMEDIATE MILESTONE 1402-771-120 ENTITLED,  
 "CONFORMING 10 CFR PART 63 TO 40 CFR PART 197"

Dear Dr. Wittmeyer:

On September 21, 2001, the Center for Nuclear Waste Regulatory Analyses completed work on Intermediate Milestone 1402-771-120 entitled, "Conforming 10 CFR Part 63 to 10 CFR Part 197." As noted in your letter, this milestone was comprised of discussions of selected topics and reviews of draft text over a very short time period to accommodate the U.S. Nuclear Regulatory Commission's (NRC's) schedule. The Center staff effort contributed significantly to the technical accuracy and clarity of the rulemaking package. Additionally, all reviews were performed in a timely manner to accommodate the NRC's time-sensitive schedule. Intermediate Milestone 1402-771-120 is considered acceptable. If you have any questions regarding the contents of this letter, please contact me at (301) 415-7285.

Sincerely,

/RA/
