RE: Request for Information Regarding University of Idaho Records

Dear Ms. Carol Ann Reed:

This is a request for information regarding the University of Idaho records in NRC archives.

We are in the process of decommissioning a radioactive waste burial site. In order to complete our records and the decommissioning process, we need copies of the NRC archives records.

Bob Evans is our NRC contact regarding this decommission process. Enclosed is a four-page document to me from Bob Evans, that identifies all the NRC archives for University of Idaho licenses.

This is a request that Bob Evans review our archives records, and send copies to me of the following records from all University of Idaho licenses' archives: all records addressing possession limits, inventory, inspection, disposal, and decommissioning statements.

Please have Bob Evans perform this task, because he is familiar with our specific situation and will recognize the types of records we need to fulfill the NRC decommissioning requirements.

I realize there will be an additional charge for copies numbering in excess of 200 pages.

Your assistance is greatly appreciated.

Thank you for your consideration.

Sincerely,

Vicky Schur  
Laboratory and Radiation Safety Officer
