REMARKS: IP 87112 Irradiator Programs
IP 87112, Appendix A Irradiator Inspection Record
IP 87112, Appendix B Irradiator Inspection References

This inspection procedure is updated to delete the Y2K references and reflect 10CFR 36, "Licenses and Radiations Safety Requirements for Irradiators," which was corrected to require posting the radiation room as a very high radiation area. Before the rule change, 10 CFR 36.23(g) required the area to be posted as a high radiation area.
