Gentlemen:

NUCLEAR REGULATORY COMMISSION - COMMENTS ON PROPOSED RULE ON  
REVISION OF THE SKIN DOSE LIMITS (VOL. 66 FEDERAL REGISTER  
36502, DATED JULY 12, 2001)

TVA endorses the comments provided by the Nuclear Energy  
Institute on behalf of the Task Force on Radiation  
Protection. We concur that this proposed rule will  
enhance worker safety and reduce unnecessary licensee  
burden while still maintaining the current levels of public  
health and safety protection.

TVA appreciates the opportunity to review and comment on this  
rule change. If you have questions, please contact Susan  
Ferrell at (423) 751-7737.

Sincerely,
