SUBJECT: MAINTENANCE OF REFERENCE MATERIAL FOR THE FORT CALHOUN
LICENSE RENEWAL APPLICATION AT THE BLAIR PUBLIC LIBRARY

Dear Ms. Peterson:

This is to confirm a December 17, 2001, telephone conversation with you concerning the maintenance of reference material by your library. These documents will be related to the review by the U.S. Nuclear Regulatory Commission (NRC) of the license renewal application of the Fort Calhoun Station Unit 1 for an additional 20 years. Over the approximately 18-month period of the review, the volume of documents and related correspondence is expected to fill about a 3-foot shelf.

The application is expected to be submitted in the form of a compact disc (CD-Rom) in Adobe Acrobat (.pdf) format by the Omaha Public Power District around the middle of January 2002. After the NRC receives the application, we will forward you a copy of the CD-Rom. Paper or CD-Rom copies of related documents will also be forwarded to you during the course of the review. In addition, a paper copy of the application will also be available at the NRC's Public Document Room in Rockville, Maryland, and an electronic version will be available in the NRC's Public Electronic Reading Room, accessible through the NRC Home Page (<http://www.nrc.gov>).

We appreciate your willingness to assist the public in participating in the license renewal process. We will place the Blair Public Library on our distribution list for documents and notices related to the application for license renewal.

Thank you again for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-1120 or by e-mail at tjk2@nrc.gov.

Sincerely,
