Have a conflict. Can we meet at 3:00pm today?

We need to resolve the remaining issue regarding the answer to question 1 from the set of anonymous questions about the IP2 events. Besides the long time that has expired in trying to provide a staff answer, the draft document has now been captured in an FOIA request.

Please let me know your availability for a meeting in Richard Correia's office (O-8E18) at 10:30 am on Tuesday, June 19.
