Supplemental Information Regarding Application for Order and
Conforming Administrative Amendments for Transfer of Licenses

- References:
1. Letter, William T. Cottle to S. J. Collins, "Application for Order and Conforming Administrative Amendments for Transfer of Licenses," June 28, 2001 (NOC-AE-01001123)
 2. Letter, William T. Cottle to S. J. Collins, "Supplemental Information Regarding Application for Order and Conforming Administrative Amendments for Transfer of Licenses," October 8, 2001 (NOC-AE-01001193)

On behalf of Central Power and Light Company (CPL), STP Nuclear Operating Company submits the following supplemental information regarding its Application for Order and Conforming Administrative Amendments for Transfer of Licenses (Application) submitted in Reference 1. The pending license transfer application requests that the Nuclear Regulatory Commission (NRC) consent to the transfer of control of CPL's ownership interest in the South Texas Project Electric Generating Station, Units 1 and 2 (STPEGS) to an affiliated generating company, CPL Genco LP. Reference 2 provided supplemental information related to the financial qualifications of CPL Genco LP to own 25.2% of STPEGS.

This letter explains an item in Reference 2, Attachment 1A, Projected Income Statement of CPL Genco LP's Share of STPEGS. Specifically, this letter explains why the listed generating capacity of CPL Genco LP's Share of STPEGS appears smaller in 2002 than in the following years.

Under Texas restructuring legislation, CPL Genco LP will be required to auction or divest a portion of its generation capacity. Separately, as a requirement of the regulatory approval of the merger between AEP (the corporate parent of CPL and CPL Genco LP) and Central and South West Corporation, CPL Genco LP will be required to divest approximately 1354 MW of generating capacity by June 16, 2002.

A001

STI: 31359018

Because that divestiture will not have taken place by the start of 2002, Attachment 1A to Reference 2 shows a reduction in CPL Genco LP's interest in STPEGS corresponding to that capacity auction. For years 2003 and beyond, the divestiture of other fossil assets, as called for in the merger approval, will also satisfy the capacity auction requirement of the Texas legislation. Accordingly, the attachment shows CPL Genco LP's full 25.2% ownership interest in STPEGS for years 2003 and beyond.

If NRC requires additional information concerning this supplemental information to the license transfer request, please contact Mr. Scott Head, Manager, Licensing at (361) 972-7136.

A handwritten signature in black ink, appearing to read 'J. J. Sheppard', is positioned above the printed name.
