Subject: Application for Indirect Transfer of Facility Operating Licenses  
R.E. Ginna Nuclear Power Plant  
Nine Mile Point Unit No. 2  
Docket Nos. 50-244 and 50-410  
License Nos. DPR-18 and NPF-69

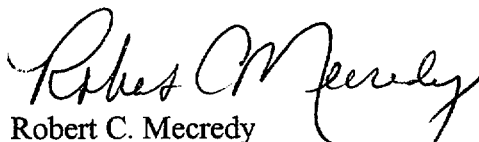

Dear Sirs:

By letter dated June 22, 2001, Rochester Gas and Electric Corporation (RG&E) requested the NRC's consent to the indirect transfer of RG&E's interests in the Facility Operating Licenses for Ginna Station and Nine Mile Point Unit 2 resulting from the planned acquisition of RG&E's parent company, RGS Energy Group, Inc., by Energy East Corporation.

Since that request, RG&E's ownership of 14% of the Nine Mile Point Unit 2 station has been directly transferred to Nine Mile Point Nuclear Station, LLC, an indirect subsidiary of Constellation Nuclear, LLC, obviating the need to proceed with the requested indirect license transfer relating to RG&E's interest in Nine Mile Point Unit 2. Therefore, by copy of this letter, RG&E is withdrawing that portion of the June 22, 2001 request.

Should the NRC require additional information concerning this matter, please contact George J. Wrobel at 716-771-3535.

Very truly yours,

  
Robert C. Mecredy
