Re: Nine Mile Point Unit Nos. 1 and 2  
Docket Nos. 50-220 and 50-410  
Facility Operating License Nos. DPR-63 and NPF-69

***Subject: Pending NRC Actions Requested by Niagara Mohawk Power  
Corporation***

Gentlemen:

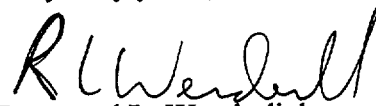

By Orders dated June 22, 2001, and October 30, 2001, the NRC approved direct transfers related to the ownership and operating authority for Nine Mile Point, Units 1 and 2 (NMP-1, NMP-2). These direct transfers were completed on November 7, 2001. Ownership and operating authority for NMP-1 was transferred from Niagara Mohawk Power Corporation (NMPC) to Nine Mile Point Nuclear Station, LLC (NMPNS). The ownership interests of NMPC, New York State Electric and Gas Corporation, Rochester Gas and Electric Corporation, and Central Hudson Gas & Electric Corporation in NMP-2 were also transferred to NMPNS. Operating authority for NMP-2 was transferred from NMPC to NMPNS.

As a result, NMPNS requests that the NRC consider outstanding applications, requests, correspondence, reports and other initiatives (collectively "submittals") previously submitted by NMPC for NMP-1 or NMP-2 as those of NMPNS. NMPNS hereby adopts such submittals, ratifies the statements and positions taken therein, and requests that the NRC continue its consideration as if they had been originally submitted by NMPNS.

A 001

The information contained in this submittal is correct to the best of my knowledge, information and belief.

Very truly yours,

Raymond L. Wenderlich  
Senior Constellation Nuclear Officer  
Responsible for Nine Mile Point
