Dear Sir:

Request that NRC Materials License number 01-02861-05, docket number 030-17584, be amended. The amendment is to add 1 millicurie of Strontium/Yttrium 90 to the license. This amendment is to cover material found during excavation at the decommissioning site at Fort McClellan. The material is in the form of residual contamination on small storage containers.

If you have any questions or require clarification on any of the information above, contact Mr. John May at (573) 596-0131 extension 3-6224.

Sincerely,

A handwritten signature in black ink, reading "Thomas W. Klewin".
