SUBJECT: EMERGENCY PLAN CHANGES FOR THE UNIVERSITY OF FLORIDA
TRAINING REACTOR (TAC NO. MB2835)

Dear Dr. Vernetson:

This letter acknowledges receipt of your letter dated August 13, 2001, which transmitted changes to the Emergency Plan for the University of Florida Training Reactor.

Based on your determination that the changes do not decrease the overall effectiveness of your emergency plan, NRC approval is not required. Our initial screening of these changes using NUREG-0849, "Standard Review Plan for the Review and Evaluation of Emergency Plans for Research and Test Reactors" indicates them to be in accordance with 10 CFR 50.54(q) and that your plan continues to meet the requirements of Appendix E to 10 CFR Part 50. Implementation of these changes will be subject to inspection to confirm that they did not decrease the effectiveness of your emergency plan.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room. If you have any questions, please contact me at (301) 415-1127.
