RE: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
Response to NRC Regulatory Issue Summary 2001-21

NRC Regulatory Issue Summary 2001-21, Licensing Action Estimates for Operating Reactors, requested that licensees on a voluntary basis provide an estimate of the number of licensing actions expected to be submitted for NRC review, identify by brief title those licensing actions that are expected to generate complex reviews, and provide a description of potential safety, operational, or economic benefits that would be realized as a result of anticipated requests for Fiscal Years (FY) 2002 and FY 2003.

At this time, there are 11 potential licensing actions per docket planned for FY 2002 and FY 2003, for Turkey Point Units 3 and 4.

The following potential licensing action is expected to generate complex reviews during this period:

Completion of license renewal for Turkey Point Units 3 and 4.

Should there be any questions, please contact Olga Hanek at (305) 246-6607.

Very truly yours,

John P. McElwain
Vice President
