MEMORANDUM TO: William D. Travers  
Executive Director for Operations

FROM: Annette L. Vietti-Cook, Secretary **/RA/**

SUBJECT: STAFF REQUIREMENTS - COMNJD-02-0001 - ASSESSMENT  
OF IMPACT OF NRC'S ACTIVITIES ON LICENSEES'  
OPERATIONS

The Commission has approved the conduct of an independent survey by a qualified contractor of the impact of the NRC's activities on reactor licensees' operations. The staff should provide the Commission with their views on how to best proceed with such a survey, including the recommended frequency and cost estimates. The staff should consider whether the periodic collection and evaluation of feedback should be extended to other classes of licensees and consider the potential burden of such a survey on licensees. The staff should evaluate the need for clearances from the Office of Management and Budget for such a survey.
