SUBJECT: FORT CALHOUN LICENSE RENEWAL APPLICATION

Dear Ms. Peterson:

Enclosed is a paper and electronic copy of the application for license renewal of the operating license for the Fort Calhoun Station Unit 1 for an additional 20 years. The application was submitted by the Omaha Public Power District (OPPD) on January 9, 2002. As a result of the staff's initial review, OPPD revised Appendix E, "Applicant's Environmental Report, Operating License Renewal Stage," on January 18, 2002. The enclosed paper copy has been updated to reflect these changes. The enclosed CD contains only the updated files of the application. In addition, a paper copy of the application is also available at the NRC's Public Document Room in Rockville, Maryland, and an electronic version is available in the NRC's Public Electronic Reading Room, accessible through the NRC Home Page (<http://www.nrc.gov>).

Again, we would like to take this opportunity to express our appreciation of your willingness to assist the public in participating in the license renewal process. If you have any questions, you can reach me by telephone at (301) 415-1120 or by e-mail at tjk2@nrc.gov.
